Instant Memory

Multitasking is now a breeze with the built-in 3GB RAM. Downloading a PowerPoint presentation file, streaming a Netflix movie and shooting out an email, all right before boarding a flight is now effortless. Ample amount of space to allocate your pictures, music and videos on the 32GB internal memory. An optional MicroSD slot will offer the user even more memory space up to an extra 64GB.

Split Screen Action

The VIVO XL3 PLUS display has more than sufficient space to use two applications simultaneously. The split screen feature allows you to a message on one half of the screen while watching your favorite TV show on the other. Much more efficient than your average smartphone.

Quick Access. Total Security.

The VIVO XL3 PLUS provides total security and convenience with the press of a button. Unlock your smartphone with ease and peace of mind, while also having accessibility to all your important files. With the latest technology, you can unlock your smartphone in a mind blowing 0.2 seconds.

Unlocked & Dual Sim

Stay connected on 4G LTE with friends and family while traveling across the country with speeds up to 10x faster than 3G. The VIVO XL3 PLUS comes with 3G: 850/900/1700/1900/2100; 4G LTE: 1/2/3/4/5/7/12/17/28 bands so can have coverage across the entire United States with all different carriers; AT&T, T-Mobile, MetroPCS and the entire MVNO networks.

Android Nougat

Introducing Android 7.0 Nougat. New multi-window support to use apps on screen simultaneously. Better background optimization to minimize RAM use by system and apps. Project Vulkan API, a new 3D rendering API for 3D graphics. With these new enhancements in addition to other features available, users will have many new capabilities.
